

**LEGO NINJAGO
DRAGONS
RISING**

Ninja and Dragon Fire Bookmarks

1. GATHER SUPPLIES

- Paper, various colors
- Marker
- Popsicle sticks
- Tape
- Scissors
- Glue stick

2. CREATE FIRE BURSTS

- To make dragon fire burst version, stack pieces of red, orange and yellow paper together and fold the pile vertically
- Cut into the folded edge, making continuous points in an arc
- Fan out the cutouts until you can see all of the colored points
- Glue the cutouts together

3. CUT NINJA HEADS

- Cut out circle to make ninja head bookmark (baseball size works!)

4. ADD A NINJA FACE

- Cut and paste a yellow rectangle across the circle
- Using the marker, draw a face. Sideways elongated S's make the ninja eyebrows, and small circles on the bottom inside of the S's make the eyes

5. FINISH

- Tape the popsicle stick to the back of the circles and bursts
- Add a ninja saying or personalize
- Use your bookmark the next time you kick back with a good read!
